

Sign in/out via your Home App

This is to be used when you are signing in your child/ren for the day using the Centres iPad
The dashboard shows any bookings for the day for your children. If there are no bookings on that day, the child's profile will display with description text that there are no bookings.

1. To sign a child into their shift, click the button 'Sign In'
2. After pressing the Sign In button, the app will open a new screen on which you'll be prompted to scan the QR code available at the service
3. Click on 'Scan Code' to open the camera. If this is the first time signing in through the app, you will need to give permission to access the camera on your phone.

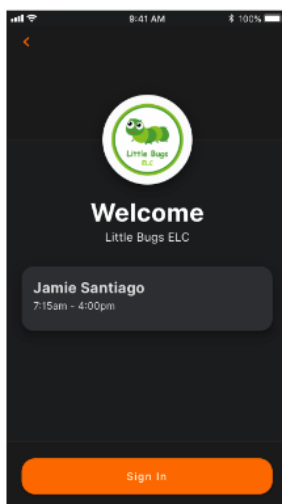

4. Once the camera opens, locate the QR code in the centre. If you are uncertain where this is being displayed, please ask our staff to point you in the right direction. Ensure the QR code is within the box on the screen. The app will automatically authenticate the code once it is read correctly.

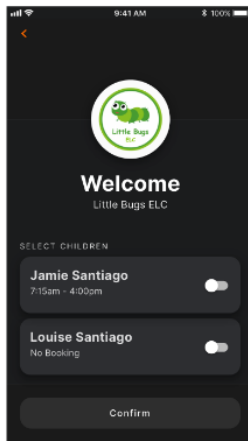

5. If the QR code is declined, ensure you are close enough to the code and it is within the borders provided. If you are still having trouble, [sign in using the HUB](#) or ask the educators to sign in your child.

6. Once the code is successfully scanned, the welcome screen for the service will appear. If there is only one child, click the 'sign in' button to sign them into their shift.

If there are multiple children, select those you want to sign in, and click 'Confirm'

6. Once the sign in is successful, a success screen will display. The child is signed in. Click 'Close' to get back to the dashboard.
