#### To complete step 4:

Click on start enrolment, you can see the information you have already supplied (address, phone numbers, CRN etc) and now carefully answer all other questions.

When adding phone numbers they should all be 10 digits long with no gaps. (so home numbers need an area code such as 08 for WA)

As you work through this enrolment you will need to answer all questions marked with a red asterisk \*, otherwise you will not be able to 'SUBMIT' once you have finished.

Only when it lets you submit and then comes up with a message box to say it has been submitted successfully will your enrolment be completed and you will be able to book your children into care.

**Repeat for each child.**
